

To Our Residents & Guests

We believe in fostering a welcoming environment in our Village & RV Park and creating a safe and comfortable experience for our residents, guests, volunteers and employees. **To this end, we have adopted a zero tolerance policy and will not tolerate violence, physical aggression, discrimination, harassment or verbal abuse.**

In the event of an incident involving physical aggression, discrimination, harassment or verbal abuse:

- The offending individual will be asked to leave the event and/or facility.
- If the offender refuses to leave, the Lee County Sheriff will be called.
- Additionally, each reported incident will be reviewed and could result in the Master Board seeking a No Trespass Order against the offending individual.
- RV Park residents will risk being asked to leave, forfeiting future reservations and contract renewals.

Tamiami Master Association reserves the right not to serve or allow participation in village events by aggressive or abusive residents and guests.

Please treat our residents, guests, volunteers and employees with respect and dignity.
